SKILLS

HTML CSS

BootStrap

JavaScript jQuery

Adobe Photoshop

Expertise

PSD to Front-end Development

Web Themes Development

EXPERIENCE

Jun 2023 - Present

Front-end Web Developer

Devbunch, Lahore

I have expertise in transforming PSD designs into functional websites. I design custom themes for various businesses, ensuring a unique online presence. Additionally, I'm adept at addressing specific requests for fixing and updating existing websites.

Dec 2022 - Jun 2023

Front-end Web Developer Intern (6 Month)

Devbunch, Lahore

Started working to convert PSD designs into fully functional, responsive websites, leveraging Bootstrap for enhanced styling. By the time my experience has allowed me to create visually appealing and user-friendly interfaces.

July 2021 - November 2021

Web Development Summer Internship (3 Month)

Mercury Sols, Rahim Yar Khan

Worked with the team on the company's website. Gather and refine specifications and requirements based on technical needs. Create website layout/user interface by using standard HTML/CSS practices.

EDUCATION

Bachelor's In Computer Science

2018 - 2022

Khwaja Fareed University of Engineering & Information Technology (KFUEIT), Rahim Yar Khan

FSC

2016 - 2018

MTB College, Sadiq Abad

MATRIC

2014 - 2016

Iqra Public School, Sadiq Abad

FINAL YEAR PROJECT

Sports and Event Management System

Web Application

Developed a website to overcome the dependency of a single person handling all the sports activity. Multiple users can use the web interface to log in and perform the desired task. It increases the efficiency of managing sports records.
